SMART AI BIKE

**Bring Out the Outdoor
Cycling Experience**

www.welcarefitness.com

snailcle

- ↕ Auto Leveling- Smart Bike
- 🔧 Resistance Level: AI Controlled 36 Levels
- 🏞 Immersive Real Terrain Ride
- 📶 Smart Motion Sensor

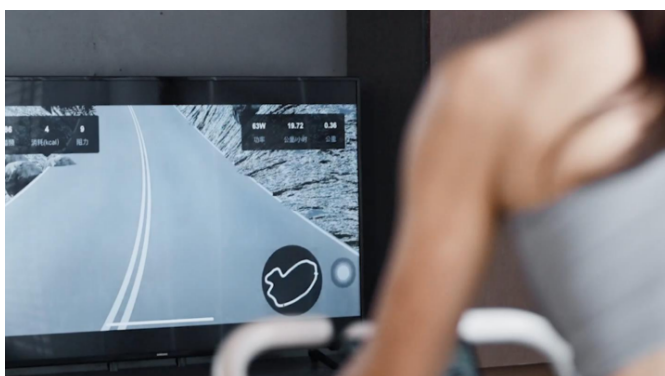

AI Controlled Adjustment for Seat & Handle Based on Terrain

Find your desired seat height and handlebar height with power adjustment buttons, no need to get off the bike. Every action is under control.

Bring home with outdoor cycling experiences

One thing missing from most of stationary bikes on the market is the simulation of outdoor riding that you get uphill and downhill when you are on a real bike. This Snailcle bike will take you to experience riding slope changes.

MINIMALIST DESIGN

A Design of the Future

Clarity and Focus that Stands Out

Ambient LIGHTING

The Ambient LED light on the handlebar switches and the rear of the bike indicates the resistance and your intensity

Colour Options

Comfy Sports Seat

Equipped with wide and soft saddle for guaranteed comfort, no matter how long and how fast you pedal, you will feel your workout as pleasant as possible.

EMS magnetic system

Specially designed EMS magnetic system with quick response to support smooth pedalling without jerking.

Dancing tail light

Tail light color matches with scroll wheel color, dancing together with your riding. This light also indicates connect or disconnect of Bluetooth.

Multi function handlebar

Buttons for height adjustment of seat and handlebar height

Solid body, maximum range to meet you.

User height range:150cm-190cm. Max. user weight:120kg.

Sleeping mode

If machine is without any operation for 15 minutes, the magnetic system will stop working for energy saving purpose(no more than 24V).
